

## **Graphic Design Internship – Group Benefits, Ltd.**

Group Benefits, Ltd., a growing national insurance and wellness brokerage based in Urbandale, Iowa, has available an opening for a graphic design intern during the summer months.

This part-time (25-30 hours per week), paid internship is for students of junior or senior standing. The internship will run from May through August.

A graphic design intern's duties include: designing print marketing collateral (brochures, flyers, payroll stuffers, postcards), developing electronic and paper newsletters, assisting with internal and external communication, website updates and design, photography, photo editing, limited copywriting and other office tasks. Interns must have the ability to produce high-quality, professional work and possess excellent time management skills.

Experience in completing design projects from concept development to delivery of printed materials is a plus.

Interns must be proficient in: Adobe InDesign, Adobe Illustrator, Adobe Photoshop (Mac platform), and basic HTML coding. Interns must also have a solid background in page layout and design.

Those interested should email their cover letter, resume and work samples to Amy Zeigler at [azeigler@grpbenltd.com](mailto:azeigler@grpbenltd.com).
